UNITED STATES DISTRICT COURT
CENTRAL DISTRICT OF CALIFORNIA

_____, Individually
and on Behalf of All Others Similarly
Situated,

Plaintiff,

v.

CANOPY GROWTH CORPORATION,
DAVID KLEIN, JUDY HONG, and
MICHAEL LEE,

Defendants.

Case No.

CLASS ACTION

COMPLAINT FOR VIOLATIONS OF
THE FEDERAL SECURITIES LAWS

DEMAND FOR JURY TRIAL

Plaintiff (“Plaintiff”), individually and on behalf of all others similarly situated, by and through Plaintiff’s attorneys, alleges the following upon information and belief, except as to those allegations concerning Plaintiff, which are alleged upon personal knowledge. Plaintiff’s information and belief is based upon, *inter alia*, the investigation conducted by Plaintiff’s counsel, which

1 includes without limitation: (a) review and analysis of regulatory filings made by
2 Canopy Growth Corporation (“Canopy Growth” or the “Company”) with the
3 United States (“U.S.”) Securities and Exchange Commission (“SEC”); (b) review
4 and analysis of press releases and media reports issued and disseminated by Canopy
5 Growth; and (c) review of other publicly available information concerning Canopy
6 Growth.
7
8

9 NATURE OF THE ACTION

10 1. This is a class action on behalf of persons and entities that purchased
11 or otherwise acquired Canopy Growth securities between June 1, 2021 and May 10,
12 2023, inclusive (the “Class Period”). Plaintiff pursues claims against the
13 Defendants under the Securities Exchange Act of 1934 (“Exchange Act”).
14

15 2. Canopy Growth produces, distributes, and sells a diverse range of
16 cannabis, hemp, and consumer packaged goods (“CPG”) products for recreational
17 and medical use. The Company conducts business through its subsidiaries and a
18 variety of joint ventures, including Tweed, Spectrum Therapeutics, Martha Stewart
19 CBD, and BioSteel Sports Nutrition Inc. (“BioSteel”).
20

21 3. BioSteel, a subsidiary of Canopy Growth, is a sports nutrition and
22 hydration brand originally formulated for professional athletes. Defendants widely
23 touted Canopy Growth’s BioSteel business throughout the Class Period, including
24 its purported “meaningful year-over-year gains in BioSteel distribution and sales
25
26
27
28

1 velocity” and the entry of BioSteel into various partnerships and agreements with
2 star athletes and professional sports organizations.

3
4 4. Throughout the Class Period, Defendants made materially false and/or
5 misleading statements, as well as failed to disclose material adverse facts about the
6 Company’s business, operations, and prospects. Specifically, Defendants failed to
7 disclose to investors that: (i) issues with Canopy Growth’s BioSteel business,
8 including, *inter alia*, aged inventory and overspending, had been significantly
9 hampering the Company’s profitability; (ii) there were material weaknesses in the
10 Company’s internal controls over accounting and financial reporting; (iii) as a
11 result, the Company improperly booked sales of its BioSteel business unit; (iv) as a
12 result, the Company’s revenue was overstated; and (v) as a result of the foregoing,
13 Defendants’ positive statements about the Company’s business, operations, and
14 prospects were materially misleading and/or lacked a reasonable basis.
15
16
17

18 5. On February 9, 2023, before the market opened, Canopy Growth
19 announced its financial results for the third quarter of the Company’s fiscal year
20 2023. Among other results, that press release reported third quarter GAAP earnings
21 per share (“EPS”) of -C\$0.54, missing consensus estimates by C\$0.31, and revenue
22 of C\$101.2 million, representing a year-over-year decrease of 28.2% and missing
23 consensus estimates by C\$15.16 million. The Company also disclosed new cost-
24 reduction initiatives, including, among other things, “transitioning to an asset-light
25
26
27
28

1 model”, “the organizational restructuring of certain corporate functions,” and
2 “significantly reducing the overall size of [the Company’s] organization.” In
3 discussing the results, the Company also disclosed that “[g]ross margin in Q3
4 FY2023 was impacted primarily by [*inter alia*] . . . lower gross margins in the
5 BioSteel business segment primarily attributable to the write-down of aged
6 inventory”; that “the decrease in Sales and Marketing expenses is net of the impact
7 of incremental investments in BioSteel, relating to the activation of the National
8 Hockey League (‘NHL’) partnership announced in July 2022”; and that “a 7%
9 decrease in [free cash] outflow versus the comparable period in FY2022 . . . [was]
10 partially offset by investments in growth initiatives at BioSteel”.

11
12
13
14 6. On this news, Canopy Growth’s common share price fell \$0.47 per
15 share, or 17.15%, to close at \$2.27 per share on February 9, 2023.

16
17 7. On May 10, 2023, after the market closed, Canopy Growth announced
18 that its audited consolidated financial statements for the fiscal year ended March
19 31, 2022 and the quarters ended June 30, 2022, September 30, 2022, and December
20 31, 2022 should no longer be relied upon, and would need to be restated. The
21 Company also disclosed that it “identified certain trends in the booking of sales by
22 the [BioSteel] business unit for further review.” The Company specified that
23 “although the BioSteel Review remains ongoing, the Company has preliminarily
24
25
26
27
28

1 identified material misstatements” and that “the correction of the misstatements is
2 expected to reduce certain revenues previously recognized.”

3
4 8. On this news, Canopy Growth’s common share price fell \$0.18 per
5 share, or 14.8%, to close at \$1.04 per share on May 11, 2023, on unusually heavy
6 trading volume.

7
8 9. Then, on May 12, 2023, *BNN Bloomberg* published an article citing
9 former BioSteel employees, who portrayed BioSteel as “a dysfunctional
10 organization rife with overspending.” The article noted, among other issues, that
11 BioSteel’s “co-founder John Celenza [was] ousted following a testy exchange with
12 Canopy’s Chief Executive Officer David Klein”; that “[s]ources who worked for
13 BioSteel and its partners described the working environment at the company as
14 chaotic and, at times, disorganized”; that “BioSteel’s spending plans often clashed
15 with Canopy’s need to rein in costs”; and that BioSteel staff cuts were tied to
16 Canopy Growth’s February 9, 2023 announcement regarding its transition to an
17 asset-light model. The article also noted that BioSteel’s “sales may have come at a
18 steep cost with costly endorsement deals awarded to a slew of NHL, NFL, MLB,
19 and NBA players,” and that “[i]ndustry sources suggested endorsement deals with
20 well-known athletes could start at \$100,000, while contracts with professional
21 teams could often be at least triple that amount.”
22
23
24
25
26
27
28

1 commerce, including the U.S. mail, interstate telephone communications, and the
2 facilities of a national securities exchange.

3
4 **PARTIES**

5 15. Plaintiff, as set forth in the accompanying Certification, incorporated
6 by reference herein, purchased Canopy Growth securities during the Class Period
7 and suffered damages as a result of the federal securities law violations and false
8 and/or misleading statements and/or material omissions alleged herein.

9
10 16. Defendant Canopy Growth is incorporated under the laws of Canada
11 with its principal executive offices located in Smiths Falls, Ontario. Canopy
12 Growth's common shares trade in an efficient market on the NASDAQ under the
13 ticker symbol "CGC".

14
15
16 17. Defendant David Klein ("Klein") has served as Canopy Growth's
17 Chief Executive Officer at all relevant times.

18
19 18. Defendant Judy Hong ("Hong") has served as Canopy Growth's Chief
20 Financial Officer ("CFO") since March 31, 2022. Hong also served as the
21 Company's Interim CFO from November 18, 2021 until transitioning to the
22 permanent CFO role on March 31, 2022.

23
24 19. Defendant Michael Lee ("Lee") served as Canopy Growth's CFO from
25 before the start of the Class Period to November 18, 2021.

1 conducts business through its subsidiaries and a variety of joint ventures, including
2 Tweed, Spectrum Therapeutics, Martha Stewart CBD, and BioSteel.

3
4 23. BioSteel, a subsidiary of Canopy Growth, is a sports nutrition and
5 hydration brand originally formulated for professional athletes. Defendants widely
6 touted Canopy Growth’s BioSteel business throughout the Class Period, including
7 its purported “meaningful year-over-year gains in BioSteel distribution and sales
8 velocity” and the entry of BioSteel into various partnerships and agreements with
9 star athletes and professional sports organizations.
10

11
12 **Materially False and Misleading Statements Issued During the Class Period**¹

13 24. The Class Period begins on June 1, 2021, when Canopy Growth issued
14 a press release during pre-market hours announcing its financial results for the
15 fourth quarter and fiscal year 2021, ended March 31, 2021. The press release stated,
16 in relevant part, that “BioSteel is gaining momentum in the U.S. market, leveraging
17 the U.S. distribution agreements for its ready-to-drink (RTD) sports beverages”;
18 that “BioSteel RTD beverages are already a top-7 sports drink brand”; and that
19 “[o]ther revenue in Q4 2021 increased 149% year-over-year due primarily to
20 increased BioSteel sales in the U.S. that benefited from expanded distribution.”
21
22

23
24 25. Also on June 1, 2021, Canopy Growth filed its Form 10-K with the
25 SEC for the fiscal year ended March 31, 2021 (the “2021 10-K”). Therein, the
26

27 ¹ Unless otherwise stated, all emphasis in bold and italics hereinafter is added, and
28 all footnotes are omitted.

1 Company stated, in relevant part, that “[g]rowth in our other consumer products . .
2 . . . was primarily due to [*inter alia*] . . . growth in our BioSteel business . . . due
3 primarily to the expansion of [its] U.S. distribution network[] in fiscal 2021”; and
4 that “[o]ther revenue was \$53.7 million in fiscal 2021, a year-over-year increase of
5 \$22.9 million due primarily to BioSteel . . . contributing a full twelve months of
6 revenue contribution in fiscal 2021[.]”
7
8

9 26. Appended as exhibits to the 2021 10-K were signed certifications
10 pursuant to the Sarbanes-Oxley Act of 2002 (“SOX”), wherein Defendants Klein
11 and Lee certified that “[t]he [2021 10-K] fully complies with the requirements of
12 Section 13(a) or 15(d) of the [Exchange Act]” and that [t]he information contained
13 in th[e 2021 10-K] fairly presents, in all material respects, the financial condition
14 and results of operations of the Company.”
15
16

17 27. On August 6, 2021, Canopy Growth issued a press release announcing
18 its financial results for the first quarter of fiscal year 2022, ended June 30, 2021,
19 stating, in relevant part, that “Other Consumer Products brands . . . delivered strong
20 growth driven by [*inter alia*] . . . BioSteel, which grew sales triple digits year-over-
21 year driven by the launch of its RTD beverages”; and that “BioSteel sales in Q1
22 2022 increased 179% over Q1 2021 driven by the launch of RTD beverages and
23 expanded distribution in the U.S. market.”
24
25
26
27
28

1 the second quarter of fiscal 2021 related to COVID-19 related
2 restrictions on retailers.

3 35. Appended as exhibits to the 2Q22 10-Q were substantively the same
4 SOX certifications as referenced in ¶ 26, *supra*, signed by Defendants Klein and
5 Lee.
6

7 36. On November 10, 2021, BioSteel issued a press release, published on
8 Canopy Growth’s website, touting “its latest collegiate athlete deal with women’s
9 basketball freshman phenom Azzi Fudd.” The press release stated, in relevant part:
10

11 Through the landmark partnership, BioSteel takes collegiate NIL
12 (Name, Image and Likeness) deals to the next level of endorsement,
13 with Fudd becoming both a brand ambassador and partner of BioSteel,
14 marking the signing as one of the first partnerships at the college level.

15 BioSteel continues to lead the way as it expands its growing roster of
16 athlete partners, with Fudd joining the brand’s team of other superstar
17 athlete partners that includes Patrick Mahomes, Luka Dončić and
18 Christen Press. With each partnership, BioSteel advances its mission of
19 delivering premium Clean. Healthy. Hydration. to athletes, fans and
20 communities around the world.

21 37. On February 9, 2022, Canopy Growth issued a press release
22 announcing its financial results for the third quarter of fiscal year 2022, ended
23 December 31, 2021, stating, in relevant part, that “[e]ncouraging Q3 FY2022
24 performance drove sequential revenue growth and record quarterly revenue for
25 *BioSteel*” (emphasis in original); and that “BioSteel . . . achieved record quarterly
26 revenue during Q3 FY2022 driven by [the] expanded distribution of BioSteel[.]”
27
28

1 38. Also on February 9, 2022, Canopy Growth filed its Form 10-Q with
2 the SEC for the third quarter of fiscal year 2022, ended December 31, 2021 (the
3 “3Q22 10-Q”). Therein, the Company stated, in relevant part:
4

5 Revenue from BioSteel was \$17.0 million in the third quarter of fiscal
6 2022, a year-over-year increase of \$9.6 million due primarily to (i) the
7 expansion of our United States distribution network beginning in the
8 fourth quarter of fiscal 2021; (ii) new “ready-to-drink” product
9 launches during the last year; and (iii) higher international sales of
10 ready-to-drink products and beverage mixes.

11 39. Appended as exhibits to the 3Q22 10-Q were substantively the same
12 SOX certifications as referenced in ¶ 26, *supra*, signed by Defendants Klein and
13 Hong.
14

15 40. On March 29, 2022, BioSteel issued a press release, published on
16 Canopy Growth’s website, touting “its latest athlete partnership with Sergiño Dest,
17 defender for the U.S. Men’s National Soccer Team (USMNT)” who “joins the
18 brand’s team of elite athlete ambassadors that includes fellow soccer star Christen
19 Press, as well as Patrick Mahomes and Luka Dončić”, while touting that “he will
20 amplify the brand’s lineup of zero-sugar hydration products to his community and
21 fans across the globe.”
22

23 41. On May 27, 2022, Canopy Growth issued a press release announcing
24 its financial results for the fourth quarter and fiscal year 2022, ended March 31,
25 2022, stating, in relevant part:
26
27
28

1 Increased distribution of BioSteel hydration products drove year-over-
2 year revenue growth in FY2022 of 56% versus FY2021. Focusing
3 strategic investments to accelerating brand growth with aspiration to be
4 top 4 player in the North American sports drink market.

5 * * *

6 “Achieving profitability is critical and we have undertaken additional
7 initiatives to streamline and drive efficiencies for our global cannabis
8 business. In FY2023, we are focused on executing our path to
9 profitability in Canada, while we continue to invest in high potential
10 opportunities – particularly in BioSteel, and further developing our U.S.
11 THC ecosystem, which we believe remains significantly under-
12 appreciated by the market.”- [Defendant] Hong, Chief Financial Officer

13 42. On May 31, 2022, Canopy Growth filed its Form 10-K with the SEC
14 for the fiscal year ended March 31, 2022 (the “2022 10-K”). Therein, the Company
15 stated, in relevant part:

16 Net revenue was \$520.3 million in fiscal 2022, as compared to \$546.6
17 million in fiscal 2021. The year-over-year decrease is attributable to a
18 revenue decline of 11% in our global cannabis segment, as declines
19 across our organic Canadian recreational and medical cannabis
20 businesses were only partially offset by net revenue attributable to the
21 acquisitions, in the first quarter of fiscal 2022, of Supreme Cannabis
22 and Ace Valley. *The revenue decline in this segment was only
23 partially offset by growth of 9% in our other consumer products
24 segment, which was primarily driven by the growth in our BioSteel
25 business.*

26 * * *

27 *Revenue from BioSteel was \$44.6 million*, a year-over-year increase
28 of \$16.1 million due primarily to (i) the expansion of our United States
distribution network beginning in the fourth quarter of fiscal 2021; (ii)
new “ready-to-drink” product launches during the last year; and (iii)
higher international sales of ready-to-drink products and beverages
mixes.

1 43. The 2022 10-K also stated that “management has determined that our
2 internal control over financial reporting as of March 31, 2022, was effective.”

3
4 44. Appended as exhibits to the 2022 10-K were substantively the same
5 SOX certifications as referenced in ¶ 26, *supra*, signed by Defendants Klein and
6 Hong.

7
8 45. On July 7, 2022, BioSteel issued a press release with the National
9 Hockey League (“NHL”) and the National Hockey League Players’ Association
10 (“NHLPA”), published on Canopy Growth’s website, touting “a new multi-year
11 partnership naming BioSteel the Official Hydration Partner of the NHL and the
12 NHLPA.” The press release stated, *inter alia*:

13
14 The milestone partnership will debut during the 2022 NHL Draft in
15 Montreal, where BioSteel is a presenting sponsor of national coverage
16 across Rogers Sportsnet in Canada. The new partnership will provide
17 the BioSteel brand with League-wide rinkside marketing and product
18 supply rights, retail activation rights, community engagement
19 platforms, player marketing and activation rights and more. This marks
20 the sports hydration company’s first partnership with a League as it
continues to bring Clean. Healthy. Hydration. to communities, athletes
and fans across North America.

21 46. On July 18, 2022, BioSteel issued a press release, published on Canopy
22 Growth’s website, touting “an all-star addition to #TeamBioSteel with the signing
23 of Alek Manoah, pitcher for the Toronto Blue Jays” who “will be promoting
24 BioSteel through events, social media, trade marketing, and more as he continues
25
26
27
28

1 to support his daily hydration routine with the brand’s lineup of zero sugar sports
2 drinks.”

3
4 47. On August 5, 2022, Canopy Growth issued a press release announcing
5 its financial results for the first quarter of fiscal year 2023, ended June 30, 2022, in
6 which it listed the following highlights:

- 7
- 8 • Q1 FY2023 net revenue was flat compared to Q4 FY20221.
- 9 • Company maintained #1 share of combined premium flower and
10 pre-rolled joint (“PRJ”) segment in Q1 FY20232.
- 11 • Increased share of the combined mainstream flower and PRJ
12 segment by 35 bps to 4.0% in Q1 FY2023.
- 13 • International medical cannabis net revenue approximately
14 doubled versus Q1 FY2022 driven primarily by strong sales in
15 Israel and Australia.
- 16 • ***Record BioSteel revenues in Q1 FY2023 increased 169%
17 versus Q1 FY2022. Secured retail agreement with Walmart
18 Stores covering 2,200 stores in 39 states. Entered partnership
19 to become the Official Hydration Partner of the NHL and
20 NHLPA.***
- 21 • Cost reduction program on track with operating expenses[] in Q1
22 FY2023 decreasing by 13% versus Q1 FY2022.

23 * * *

24 Net revenue of \$110 million in Q1 FY2023 declined 19% versus Q1
25 FY2022. Total global cannabis net revenue of \$66 million in Q1
26 FY2023 represented a decline of 29% over Q1 FY2022 driven in part
27 by a decline in value flower sales in the Canadian recreational cannabis
28 market due to a deliberate business transition to focus on higher margin,
premium and mainstream products. Other consumer products revenue
of \$44 million in Q1 FY2023, represented an increase of 1% over Q1

1 FY2022. Excluding the impact from acquired businesses and
2 divestiture of C3, net revenue declined 17% and global cannabis net
3 revenue declined 28% versus Q1 FY2022.

4 48. On August 8, 2022, BioSteel issued a press release, published on
5 Canopy Growth's website, touting "the latest addition to #TeamBioSteel with the
6 signing of Connor Bedard, an elite rising hockey star and top prospect for the 2023
7 NHL Draft" who "intends to promote BioSteel through events, social media, trade
8 marketing, and more as he supports his daily hydration routine with the brand's
9 lineup of zero sugar sports drinks."
10

11 49. On August 9, 2022, Canopy Growth filed its Form 10-Q with the SEC
12 for the first quarter of fiscal year 2023, ended June 30, 2022 (the "1Q23 10-Q").
13 Therein, the Company stated, in relevant part:
14

15
16 Net revenue was \$110.1 million in the first quarter of fiscal 2023, as
17 compared to \$136.2 million in the first quarter of fiscal 2022. The year-
18 over-year decrease is attributable to a revenue decline of 29% in our
19 global cannabis segment, which was primarily due to a decline in our
20 organic Canadian recreational business and the divestiture of all of our
21 interest in C3 Cannabinoid Compound Company GmbH ("C3") in the
22 fourth quarter of fiscal 2022. Revenue in our other consumer products
23 segment grew 1% relative to the first quarter of fiscal 2022, as growth
24 in our BioSteel business was largely offset by declines in our Storz &
25 Bickel and This Works businesses.

26 * * *

27 ***Revenue from BioSteel was \$17.9 million in the first quarter of fiscal***
28 ***2023, a year-over-year increase of \$11.2 million due primarily to (i)***
continued growth in our distribution channels and sales velocities
across North America; and (ii) higher international sales of ready-to-
drink products and beverage mixes.

1 50. In addition, the 1Q23 10-Q stated the following regarding the
2 Company's internal controls:

3
4 There have been no changes in our "internal control over financial
5 reporting" (as defined in Rules 13a-15(f) and 15d-15(f) under the
6 Exchange Act) that occurred during the period covered by this
7 Quarterly Report that have materially affected, or are reasonably likely
8 to materially affect, our internal control over financial reporting.

9 51. Appended as exhibits to the 1Q23 10-Q were substantively the same
10 SOX certifications as referenced in ¶ 26, *supra*, signed by Defendants Klein and
11 Hong.

12 52. On September 1, 2022, BioSteel issued a press release, published on
13 Canopy Growth's website, "announc[ing] the release of Blue Cherry, a new limited-
14 edition sports drink that celebrates the brand's partnership with the Toronto Blue
15 Jays." The press release touted, *inter alia*, that "[t]he new ready-to-drink offering
16 is co-branded with the Blue Jays logo and will be available at Sobeys banner stores,
17 including Needs, Boni-Soir, Voisin, and IGA Quebec, across Atlantic Canada and
18 Quebec now through the end of the season"; that "[a]s a sponsor of the Toronto
19 Blue Jays for the 2022 season, BioSteel is the exclusive sports drink product in the
20 Blue Jays home and away dugouts and bullpens"; and that "[t]he brand is also
21 prominently featured throughout Rogers Centre via digital concourse signage and
22 sampling events."
23
24
25
26
27
28

1 53. On September 8, 2022, BioSteel issued a press release, published on
2 Canopy Growth’s website, touting “the latest addition to #TeamBioSteel with the
3 signing of Ja’Marr Chase, one of the league’s top wide receivers” who “will be
4 promoting BioSteel through social media, trade marketing, events, including in the
5 Cincinnati area, and more.”
6

7 54. On September 26, 2022, BioSteel issued a press release, published on
8 Canopy Growth’s website, touting “the signing of international soccer star
9 Alphonso Davies to its growing team of athlete partners” who “intends to promote
10 the brand’s lineup of zero-sugar hydration products to his global fan base via brand
11 appearances and on social media” and who “[f]ans can also expect to see . . . on
12 limited-edition BioSteel products and point-of-sale assets at retailers in both Canada
13 and Germany, where he plays for his world-renowned club team.”
14
15
16

17 55. On November 1, 2022, BioSteel issued a press release, published on
18 Canopy Growth’s website, touting the “signing [of] Laila Edwards, Sarah Fillier,
19 Calla Frank, and Jade Iginla, four elite hockey players who play on their respective
20 national teams”, and stating, *inter alia*:
21

22 The four new #TeamBioSteel athletes intend to promote the brand at
23 events and on social media, where they will show how they incorporate
24 BioSteel sports drinks into their daily hydration routines. As the
25 popularity of women’s sports surges across the globe, the new signings
26 will position the brand as the hydration drink of choice to women’s
27 hockey’s growing audience, and BioSteel will reach new fans who
28 represent the next generation as the brand continues to grow in North
America and around the globe.

1 The athletes join #TeamBioSteel as the brand's inaugural season as
2 Official Hydration Partner of the National Hockey League® gets
3 underway. As a part of their first pieces of content with the brand, both
4 Iginla and Frank star in the Canadian and U.S. versions, respectively,
5 of a new BioSteel commercial that will run during NHL games this
6 season and celebrates how BioSteel hydrates the next generation
7 through hockey.

8 56. On November 9, 2022, Canopy Growth issued a press release
9 announcing its financial results for the second quarter of fiscal year 2023, ended
10 September 30, 2022, in which it listed the following highlights:

- 11 • Delivered net revenue growth of 7% in Q2 FY2023 relative to
12 Q1 FY2023, despite the continued impacts of macroeconomic
13 headwinds and evolving Canadian cannabis market dynamics.
- 14 • ***Achieved 299% net revenue increase for BioSteel as compared
15 to the prior year, driven by increased investment. Acquired
16 manufacturing facility subsequent to quarter end, which is
17 expected to support ongoing rapid U.S. expansion for the brand
18 and drive gross margin improvement.***

19 * * *

20 Net revenue of \$118 million in Q2 FY2023 declined 10% versus Q2
21 FY2022. The decrease is primarily attributable to increased
22 competition in the Canadian adult-use cannabis market, the divestiture
23 of C3 Cannabinoid Compound Company GmbH ("C3"), and softer
24 performance from This Works, offset by revenue growth at BioSteel.
25 Excluding the impact from the divestiture of C3, net revenue declined
26 1% versus Q2 FY2022. When adjusting for both the impact of C3 and
27 the ongoing divestiture of our Canadian retail business, revenues for the
28 period increased 2% versus Q2 FY2022. Net revenue increased 7% in
Q2 FY2023 relative to Q1 FY2023, despite the continued impacts of
macroeconomic headwinds and evolving Canadian cannabis market
dynamics.

1 60. On December 12, 2022, BioSteel issued a press release, published on
2 Canopy Growth’s website, touting “a new partnership naming BioSteel the
3 exclusive hydration partner for F45 fitness studios globally.” The press release
4 stated, *inter alia*:

6 BioSteel branding as well as BioSteel sports hydration drinks in various
7 flavors will be featured in all F45 studios and at special events,
8 including F45 Track events and new studio grand openings, as well as
9 F45’s digital and social channels. F45 members will also be able to
10 sample and purchase a range of BioSteel sports drinks in-studio, where
trainers will share the importance of hydration during workouts.

11 61. On January 11, 2023, BioSteel issued a press release, published on
12 Canopy Growth’s website, touting “a series of multi-year partnerships that expand
13 its growing presence in the [NHL] and name the brand the new Official Sports
14 Hydration Partner of six franchises: the Anaheim Ducks, Carolina Hurricanes,
15 Chicago Blackhawks, Columbus Blue Jackets, Pittsburgh Penguins and Tampa Bay
16 Lightning.” The press release stated, *inter alia*:

19 Each team is hosting tailored activations this season to enhance and
20 spotlight the brand’s mission of delivering premium hydration to
21 athletes and consumers around the globe. Activations include BioSteel
22 trigger promotions and point-of-sale displays at local retailers,
23 sampling opportunities, in-arena branding, social media promotions
24 and more. Trigger promotion opportunities include tailored activations
25 to align with BioSteel sports hydration drink product attributes, such as
zero sugar and five essential electrolytes, with exact details and
availability varying by market.

26 Earlier this year, BioSteel became the Official Hydration Partner of the
27 NHL and the [NHLPA] in a full circle moment for a brand born in an
28 NHL locker room. Through the League deal, BioSteel secured rinkside

1 marketing and product supply rights for all benches and locker rooms,
2 the right to use NHL logos, marks and teams at the national level, as
3 well as player marketing and activation rights through the NHLPA.
4 With these six new franchise sponsorships, BioSteel enhances its
5 marketing activation rights in each corresponding local market,
6 including through the use of the individual teams' logos on point-of-
7 sale displays at local retailers and additional touch points for fans in the
8 arenas and surrounding communities.

9 62. The above statements identified in ¶¶ 24-61 were materially false
10 and/or misleading and failed to disclose material adverse facts about the Company's
11 business, operations, and prospects. Specifically, Defendants failed to disclose to
12 investors that: (i) issues with Canopy Growth's BioSteel business, including, *inter*
13 *alia*, aged inventory and overspending, had been significantly hampering the
14 Company's profitability; (ii) there were material weaknesses in the Company's
15 internal controls over accounting and financial reporting; (iii) as a result, the
16 Company improperly booked sales of its BioSteel business unit; (iv) as a result, the
17 Company's revenue was overstated; and (v) as a result of the foregoing,
18 Defendants' positive statements about the Company's business, operations, and
19 prospects were materially misleading and/or lacked a reasonable basis.
20
21

22 **The Truth Begins to Emerge**

23 63. On February 9, 2023, before the market opened, Canopy Growth
24 announced its financial results for the third quarter of fiscal year 2023, ended
25 December 31, 2022 (the "3Q23 Press Release"). Among other results, the press
26 release reported third quarter GAAP EPS of -C\$0.54, missing consensus estimates
27
28

1 by C\$0.31, and revenue of C\$101.2 million, representing a year-over-year decrease
2 of 28.2% and missing consensus estimates by C\$15.16 million. The Company also
3 disclosed new cost-reduction initiatives, including, among other things,
4 “transitioning to an asset-light model”, “the organizational restructuring of certain
5 corporate functions,” and “significantly reducing the overall size of [the
6 Company’s] organization.” In discussing the results, the Company also disclosed
7 that “[g]ross margin in Q3 FY2023 was impacted primarily by [*inter alia*] . . . lower
8 gross margins in the BioSteel business segment primarily attributable to the write-
9 down of aged inventory”; that “the decrease in Sales and Marketing expenses is net
10 of the impact of incremental investments in BioSteel, relating to the activation of
11 the [NHL] partnership announced in July 2022”; and that “a 7% decrease in [free
12 cash] outflow versus the comparable period in FY2022 . . . [was] partially offset by
13 investments in growth initiatives at BioSteel”.

14
15
16
17
18 64. On this news, Canopy Growth’s common share price fell \$0.47 per
19 share, or 17.15%, to close at \$2.27 per share on February 9, 2023. Despite this
20 decline in the Company’s share price, Canopy Growth securities continued trading
21 at artificially inflated prices throughout the remainder of the Class Period because
22 of Defendants’ continued misstatements and omissions concerning issues with the
23 BioSteel business, including, *inter alia*, overspending, material weaknesses in the
24
25
26
27
28

1 Company's internal controls over accounting and financial reporting with respect
2 to booked sales of the BioSteel business unit, and overstated revenue.

3
4 65. For example, the 3Q23 Press Release stated, in relevant part:

5 Net revenue of \$101 million in Q3 FY2023 declined 28% versus Q3
6 FY2022. The decrease is primarily attributable to increased
7 competition in the Canadian adult-use cannabis market, the divestiture
8 of C3 Cannabinoid Compound Company GmbH ("C3"), a decline in
9 our U.S. CBD business, and softer performance from Storz & Bickel
10 and This Works. When adjusting for both the impact of the divestiture
of C3 and our Canadian retail business, revenues for the period
decreased 23% in Q3 FY2023 versus Q3 FY2022.

11 66. Also on February 9, 2023, Canopy Growth filed its Form 10-Q with
12 the SEC for the quarter ended December 31, 2022 (the "3Q23 10-Q"). Therein, the
13 Company stated, in relevant part:

14
15 Net revenue was \$101.2 million in the third quarter of fiscal 2023, as
16 compared to \$141.0 million in the third quarter of fiscal 2022. The year-
17 over-year decrease is primarily attributable to: (i) the continuing
18 decrease in net revenue from our Canada cannabis segment, as
19 increased competition in the Canadian adult-use market has resulted in
20 lower sales velocities and continued price compression; (ii) the
21 divestiture of our interest in C3 Cannabinoid Compound Company
22 GmbH ("C3") in the fourth quarter of fiscal 2022; (iii) a decline in our
U.S. CBD business, as we focused our product and brand portfolio; and
(iv) softer performance in our Storz & Bickel and This Works
businesses.

23 * * *

24 BioSteel

25
26 Revenue from BioSteel was \$16.4 million in the third quarter of fiscal
27 2023, as compared to \$17.0 million in the third quarter of fiscal 2022.

1 The year-over-year decrease is primarily attributable to timing shifts in
2 the distribution and sales of our products into our key markets.

3 67. In addition, the 3Q23 10-Q contained the same statements as
4 referenced in ¶ 50, *supra*, regarding the Company’s internal controls.
5

6 68. Appended as exhibits to the 3Q23 10-Q were substantively the same
7 SOX certifications as referenced in ¶ 26, *supra*, signed by Defendants Klein and
8 Hong.
9

10 69. On April 13, 2023, BioSteel issued a press release, published on
11 Canopy Growth’s website, touting “the signing of Sophia Smith, forward for the
12 U.S. Women’s National Soccer Team (USWNT) and 2022 BioSteel U.S. Soccer
13 Female Player of the Year.” The press release stated, *inter alia*:
14

15 BioSteel is also an official sponsor of U.S. Soccer, meaning Smith, her
16 teammates and other players across the Federation hydrate with
17 BioSteel on the sidelines during National Team matches, in the locker
18 rooms and in training camp facilities.

19 Through the partnership, Smith will continue to hydrate with BioSteel
20 in preparation for the international stage this summer, and she will
21 promote the brand’s lineup of Clean. Healthy. Hydration.™ products to
22 her fans around the globe via social media, trade marketing and events.

23 70. The above statements identified in ¶¶ 65-69 were materially false
24 and/or misleading and failed to disclose material adverse facts about the Company’s
25 business, operations, and prospects. Specifically, Defendants failed to disclose to
26 investors that: (i) issues with Canopy Growth’s BioSteel business, including, *inter*
27 *alia*, aged inventory and overspending, had been significantly hampering the
28

1 Company's profitability; (ii) there were material weaknesses in the Company's
2 internal controls over accounting and financial reporting; (iii) as a result, the
3 Company improperly booked sales of its BioSteel business unit; (iv) as a result, the
4 Company's revenue was overstated; and (v) as a result of the foregoing,
5 Defendants' positive statements about the Company's business, operations, and
6 prospects were materially misleading and/or lacked a reasonable basis.
7
8

9 The Truth Fully Emerges

10 71. On May 10, 2023, after the market closed, Canopy Growth filed a
11 Form 8-K with the SEC announcing that certain previously issued financial
12 statements should no longer be relied upon because it "identified certain trends in
13 the booking of sales by the [BioSteel] business unit for further review." In greater
14 part, the Company stated:
15
16

17 In connection with the preparation of Canopy Growth Corporation's
18 (the "Company") consolidated financial statements for the fiscal year
19 ended March 31, 2023, *management of the Company identified*
20 *certain trends in the booking of sales by the BioSteel Sports Nutrition*
21 *Inc. ("BioSteel") business unit for further review.* The Company,
22 together with independent external counsel and forensic accountants,
23 and under the oversight of the Audit Committee (the "Audit
24 Committee") of the Board of Directors (the "Board") of the Company,
25 initiated an internal review of the financial reporting matters related to
26 BioSteel (the "BioSteel Review").
27

28 Although the BioSteel Review remains ongoing, *the Company has*
preliminarily identified material misstatements in the Prior Financial
Statements (as defined below) related to sales in the BioSteel business
unit that were accounted for incorrectly. In particular, on May 4, 2023,
the Company, in consultation with the Audit Committee, concluded

1 that the Company’s (i) audited consolidated financial statements for the
2 fiscal year ended March 31, 2022, included in the Company’s Annual
3 Report on Form 10-K for the fiscal year ended March 31, 2022 (the
4 “2022 10-K”), and (ii) unaudited consolidated financial statements for
5 the quarterly periods ended June 30, 2022, September 30, 2022 and
6 December 31, 2022, included in the Company’s Quarterly Reports on
7 Form 10-Q for such quarterly periods (collectively, the “Form 10-Qs”
8 and together with the 2022 10K, the “Prior Financial Statements”),
9 should no longer be relied upon because of certain material
10 misstatements contained in the Prior Financial Statements. In addition,
11 the reports of the Company’s independent registered public accounting
12 firm included in the 2022 10-K should no longer be relied upon.

13 *Based on the preliminary findings of the BioSteel Review to date, the*
14 *Company currently anticipates that (i) the BioSteel Review generally*
15 *will focus on the timing of revenue recognition in accordance with*
16 *U.S. generally accepted accounting principles under Accounting*
17 *Standards Codification (“ASC”) 606 and (ii) the correction of the*
18 *misstatements is expected to reduce certain revenues previously*
19 *recognized and adjust related balance sheet items in the Prior*
20 *Financial Statements, including certain segment disclosures. The*
21 *Company is unable to quantify the impact of the BioSteel Review and*
22 *the related corrections to the Prior Financial Statements at this time*
23 *because the BioSteel Review is ongoing. The Company cannot provide*
24 *assurance that other errors will not be identified or impact additional*
25 *prior accounting periods.*

26 The Company has determined that it is appropriate to correct the
27 misstatements by restating the Prior Financial Statements (the
28 “Restated Financial Statements”) and plans to file the Restated
Financial Statements as soon as practicable. The Company does not
expect to file its Annual Report on Form 10-K for the fiscal year ended
March 31, 2023 (the “2023 10-K”), until the Restated Financial
Statements are completed. The Company is working diligently to
complete the BioSteel Review and the Restated Financial Statements,
and expects to complete them as soon as practicable. At this time,
however, the Company cannot predict with certainty when the BioSteel
Review or such assessment work will be completed.

1 As a result of the preliminary findings of the ongoing BioSteel Review,
2 including the discovery of misstatements, the Company is continuing
3 to assess its disclosure controls and procedures and internal control over
4 financial reporting. The Company expects to report one or more
5 material weaknesses in internal control over financial reporting with
6 respect to some or all impacted periods following completion of the
7 review.

8 72. On this news, Canopy Growth's stock price fell \$0.18 per share, or
9 14.8%, to close at \$1.04 per share on May 11, 2023, on unusually heavy trading
10 volume.

11 Post-Class Period Developments

12 73. On May 12, 2023, *BNN Bloomberg* published an article, titled
13 "Accounting errors, overspending lead Canopy Growth to sour on its \$50M
14 BioSteel investment", detailing how former BioSteel employees portrayed BioSteel
15 as "a dysfunctional organization rife with overspending." The article stated, in
16 relevant part:
17

18 When Canopy Growth Corp. announced it took a controlling stake in a
19 near-insolvent BioSteel Sports Nutrition Inc. nearly three years ago to
20 help make a line of CBD-infused sports drinks, investors cheered the
21 move, pushing its stock up as much as five per cent that day.

22 Now, that same investment has suddenly emerged as an albatross for
23 the stumbling cannabis player, forcing Canopy to announce the
24 embarrassing move of restating its financial statements for its 2022
25 fiscal year while *former employees paint a picture of a dysfunctional
26 organization rife with overspending.*

27 * * *

28 In addition to that revelation that sent Canopy's stock plunging by more
than 14 per cent on Thursday, *the company's once-lauded acquisition
has been caught in a sweeping re-organization that's seen its co-*

1 *founder John Celenza ousted following a testy exchange with*
2 *Canopy's Chief Executive Officer David Klein in March*, two people
3 familiar with the situation told BNN Bloomberg.

4 * * *

5 *Sources who worked for BioSteel and its partners described the*
6 *working environment at the company as chaotic and, at times,*
7 *disorganized.* While the specific nature of the arguments between the
8 executives is not fully known, *sources said BioSteel's spending plans*
9 *often clashed with Canopy's need to rein in costs* within its struggling
10 cannabis ventures.

11 While BioSteel's revenue has purportedly climbed 56 per cent in 2022
12 to \$44.6 million, a rare bright spot in Canopy's floundering Canadian
13 cannabis business, *those sales may have come at a steep cost with*
14 *costly endorsement deals awarded to a slew of NHL, NFL, MLB, and*
15 *NBA players, the source said. Industry sources suggested*
16 *endorsement deals with well-known athletes could start at \$100,000,*
17 *while contracts with professional teams could often be at least triple*
18 *that amount.*

19 A Canopy spokesperson declined to confirm whether Celenza was part
20 of a recent wave of BioSteel departures *that saw about 20 staff leave*
21 *the company*, citing a policy where they do not comment on individual
22 departures. *Those staff cuts were tied to an announcement Canopy*
23 *made in February that it would transition to an asset-light model* and
24 close its Smiths Falls, Ont. headquarters. That announcement also
25 reaffirmed management's expectations that those recent closures would
26 result in positive adjusted EBITDA in its fiscal 2024, *with the noted*
27 *exception of its BioSteel business.*

28 74. As a result of Defendants' wrongful acts and omissions, and the
precipitous decline in the market value of the Company's securities, Plaintiff and
other Class members have suffered significant losses and damages.

1 77. Plaintiff's claims are typical of the claims of the members of the Class
2 as all members of the Class are similarly affected by Defendants' wrongful conduct
3 in violation of federal law that is complained of herein.
4

5 78. Plaintiff will fairly and adequately protect the interests of the members
6 of the Class and has retained counsel competent and experienced in class and
7 securities litigation.
8

9 79. Common questions of law and fact exist as to all members of the Class
10 and predominate over any questions solely affecting individual members of the
11 Class. Among the questions of law and fact common to the Class are:
12

13 (a) whether the federal securities laws were violated by Defendants'
14 acts as alleged herein;
15

16 (b) whether statements made by Defendants to the investing public
17 during the Class Period omitted and/or misrepresented material facts about the
18 business, operations, and prospects of Canopy Growth; and
19

20 (c) to what extent the members of the Class have sustained damages
21 and the proper measure of damages.
22

23 80. A class action is superior to all other available methods for the fair and
24 efficient adjudication of this controversy since joinder of all members is
25 impracticable. Furthermore, as the damages suffered by individual Class members
26 may be relatively small, the expense and burden of individual litigation makes it
27
28

1 impossible for members of the Class to individually redress the wrongs done to
2 them. There will be no difficulty in the management of this action as a class action.
3

4 **UNDISCLOSED ADVERSE FACTS**

5 81. The market for Canopy Growth’s securities was open, well-developed,
6 and efficient at all relevant times. As a result of these materially false and/or
7 misleading statements, and/or failures to disclose, Canopy Growth’s securities
8 traded at artificially inflated prices during the Class Period. Plaintiff and other
9 members of the Class purchased or otherwise acquired Canopy Growth’s securities
10 relying upon the integrity of the market price of the Company’s securities and
11 market information relating to Canopy Growth, and have been damaged thereby.
12

13
14 82. During the Class Period, Defendants materially misled the investing
15 public, thereby inflating the price of Canopy Growth’s securities, by publicly
16 issuing false and/or misleading statements and/or omitting to disclose material facts
17 necessary to make Defendants’ statements, as set forth herein, not false and/or
18 misleading. The statements and omissions were materially false and/or misleading
19 because they failed to disclose material adverse information and/or misrepresented
20 the truth about Canopy Growth’s business, operations, and prospects as alleged
21 herein.
22
23

24
25 83. At all relevant times, the material misrepresentations and omissions
26 particularized in this Complaint directly or proximately caused or were a substantial
27 contributing cause of the damages sustained by Plaintiff and other members of the
28

1 Class. As described herein, during the Class Period, Defendants made or caused to
2 be made a series of materially false and/or misleading statements about Canopy
3 Growth's financial well-being and prospects. These material misstatements and/or
4 omissions had the cause and effect of creating in the market an unrealistically
5 positive assessment of the Company and its financial well-being and prospects, thus
6 causing the Company's securities to be overvalued and artificially inflated at all
7 relevant times. Defendants' materially false and/or misleading statements during
8 the Class Period resulted in Plaintiff and other members of the Class purchasing the
9 Company's securities at artificially inflated prices, thus causing the damages
10 complained of herein when the truth was revealed.
11
12
13

14 **LOSS CAUSATION**

15 84. Defendants' wrongful conduct, as alleged herein, directly and
16 proximately caused the economic loss suffered by Plaintiff and the Class.
17

18 85. During the Class Period, Plaintiff and the Class purchased Canopy
19 Growth's securities at artificially inflated prices and were damaged thereby. The
20 price of the Company's securities significantly declined when the
21 misrepresentations made to the market, and/or the information alleged herein to
22 have been concealed from the market, and/or the effects thereof, were revealed,
23 causing investors' losses.
24
25
26
27
28

1 relying upon the integrity of the market price of Canopy Growth's securities and
2 market information relating to Canopy Growth, and have been damaged thereby.

3
4 88. During the Class Period, the artificial inflation of Canopy Growth's
5 shares was caused by the material misrepresentations and/or omissions
6 particularized in this Complaint causing the damages sustained by Plaintiff and
7 other members of the Class. As described herein, during the Class Period,
8 Defendants made or caused to be made a series of materially false and/or misleading
9 statements about Canopy Growth's business, prospects, and operations. These
10 material misstatements and/or omissions created an unrealistically positive
11 assessment of Canopy Growth and its business, operations, and prospects, thus
12 causing the price of the Company's securities to be artificially inflated at all relevant
13 times, and when disclosed, negatively affected the value of the Company's shares.
14 Defendants' materially false and/or misleading statements during the Class Period
15 resulted in Plaintiff and other members of the Class purchasing the Company's
16 securities at such artificially inflated prices, and each of them has been damaged as
17 a result.

18
19 89. At all relevant times, the market for Canopy Growth's securities was
20 an efficient market for the following reasons, among others:
21
22
23
24
25
26
27
28

1 (a) Canopy Growth's shares met the requirements for listing and
2 were listed and actively traded on the NASDAQ, a highly efficient and automated
3 market;
4

5 (b) As a regulated issuer, Canopy Growth filed periodic public
6 reports with the SEC and/or the NASDAQ;
7

8 (c) Canopy Growth regularly communicated with public investors
9 via established market communication mechanisms, including through regular
10 dissemination of press releases on the national circuits of major newswire services
11 and through other wide-ranging public disclosures, such as communications with
12 the financial press and other similar reporting services; and/or
13

14 (d) Canopy Growth was followed by securities analysts employed
15 by brokerage firms who wrote reports about the Company, and these reports were
16 distributed to the sales force and certain customers of their respective brokerage
17 firms. Each of these reports was publicly available and entered the public
18 marketplace.
19

20
21 90. As a result of the foregoing, the market for Canopy Growth's securities
22 promptly digested current information regarding Canopy Growth from all publicly
23 available sources and reflected such information in Canopy Growth's share price.
24 Under these circumstances, all purchasers of Canopy Growth's securities during the
25
26
27
28

1 Class Period suffered similar injury through their purchase of Canopy Growth’s
2 securities at artificially inflated prices and a presumption of reliance applies.

3
4 91. A Class-wide presumption of reliance is also appropriate in this action
5 under the Supreme Court’s holding in *Affiliated Ute Citizens of Utah v. United*
6 *States*, 406 U.S. 128 (1972), because the Class’s claims are, in large part, grounded
7 on Defendants’ material misstatements and/or omissions. Because this action
8 involves Defendants’ failure to disclose material adverse information regarding the
9 Company’s business, operations, and financial prospects—information that
10 Defendants were obligated to disclose—positive proof of reliance is not a
11 prerequisite to recovery. All that is necessary is that the facts withheld be material
12 in the sense that a reasonable investor might have considered them important in
13 making investment decisions. Given the importance of the Class Period material
14 misstatements and omissions set forth above, that requirement is satisfied here.

15
16
17
18 **NO SAFE HARBOR**

19 92. The statutory safe harbor provided for forward-looking statements
20 under certain circumstances does not apply to any of the allegedly false statements
21 pleaded in this Complaint. The statements alleged to be false and misleading herein
22 all relate to then-existing facts and conditions. In addition, to the extent certain of
23 the statements alleged to be false may be characterized as forward looking, they
24 were not identified as “forward-looking statements” when made and there were no
25 meaningful cautionary statements identifying important factors that could cause
26
27
28

1 actual results to differ materially from those in the purportedly forward-looking
2 statements. In the alternative, to the extent that the statutory safe harbor is
3 determined to apply to any forward-looking statements pleaded herein, Defendants
4 are liable for those false forward-looking statements because at the time each of
5 those forward-looking statements was made, the speaker had actual knowledge that
6 the forward-looking statement was materially false or misleading, and/or the
7 forward-looking statement was authorized or approved by an executive officer of
8 Canopy Growth who knew that the statement was false when made.
9
10
11

12 COUNT I

13 **(Violations of Section 10(b) of the Exchange Act and Rule 10b-5 Promulgated** 14 **Thereunder Against All Defendants)**

15 93. Plaintiff repeats and re-alleges each and every allegation contained
16 above as if fully set forth herein.
17

18 94. During the Class Period, Defendants carried out a plan, scheme, and
19 course of conduct which was intended to and, throughout the Class Period, did: (i)
20 deceive the investing public, including Plaintiff and other Class members, as
21 alleged herein; and (ii) cause Plaintiff and other members of the Class to purchase
22 Canopy Growth's securities at artificially inflated prices. In furtherance of this
23 unlawful scheme, plan, and course of conduct, Defendants, and each defendant,
24 took the actions set forth herein.
25
26
27
28

1 95. Defendants: (i) employed devices, schemes, and artifices to defraud;
2 (ii) made untrue statements of material fact and/or omitted to state material facts
3 necessary to make the statements not misleading; and (iii) engaged in acts,
4 practices, and a course of business which operated as a fraud and deceit upon the
5 purchasers of the Company's securities in an effort to maintain artificially high
6 market prices for Canopy Growth's securities in violation of Section 10(b) of the
7 Exchange Act and Rule 10b-5 promulgated thereunder. All Defendants are sued
8 either as primary participants in the wrongful and illegal conduct charged herein or
9 as controlling persons as alleged below.
10
11
12

13 96. Defendants, individually and in concert, directly and indirectly, by the
14 use, means, or instrumentalities of interstate commerce, and/or of the mails,
15 engaged and participated in a continuous course of conduct to conceal adverse
16 material information about Canopy Growth's financial well-being and prospects, as
17 specified herein.
18
19

20 97. Defendants employed devices, schemes, and artifices to defraud while
21 in possession of material adverse non-public information and engaged in acts,
22 practices, and a course of conduct as alleged herein in an effort to assure investors
23 of Canopy Growth's value and performance and continued substantial growth,
24 which included the making of, or the participation in the making of, untrue
25 statements of material facts and/or omitting to state material facts necessary in order
26
27
28

1 to make the statements made about Canopy Growth and its business operations and
2 future prospects in light of the circumstances under which they were made, not
3 misleading, as set forth more particularly herein, and engaged in transactions,
4 practices, and a course of business which operated as a fraud and deceit upon the
5 purchasers of the Company's securities during the Class Period.
6

7
8 98. Each of the Individual Defendants' primary liability and controlling
9 person liability arises from the following facts: (i) the Individual Defendants were
10 high-level executives and/or directors at the Company during the Class Period and
11 members of the Company's management team, or had control thereof; (ii) each of
12 these Defendants, by virtue of their responsibilities and activities as a senior officer
13 and/or director of the Company, was privy to and participated in the creation,
14 development and reporting of the Company's internal budgets, plans, projections,
15 and/or reports; (iii) each of these Defendants enjoyed significant personal contact
16 and familiarity with the other Defendants and was advised of, and had access to,
17 other members of the Company's management team, internal reports and other data
18 and information about the Company's finances, operations, and sales at all relevant
19 times; and (iv) each of these Defendants were aware of the Company's
20 dissemination of information to the investing public which they knew and/or
21 recklessly disregarded was materially false and misleading.
22
23
24
25
26
27
28

1 99. Defendants had actual knowledge of the misrepresentations and/or
2 omissions of material facts set forth herein, or acted with reckless disregard for the
3 truth in that they failed to ascertain and to disclose such facts, even though such
4 facts were available to them. Such defendants' material misrepresentations and/or
5 omissions were done knowingly or recklessly and for the purpose and effect of
6 concealing Canopy Growth's financial well-being and prospects from the investing
7 public and supporting the artificially inflated price of its securities. As
8 demonstrated by Defendants' overstatements and/or misstatements of the
9 Company's business, operations, financial well-being, and prospects throughout the
10 Class Period, Defendants, if they did not have actual knowledge of the
11 misrepresentations and/or omissions alleged, were reckless in failing to obtain such
12 knowledge by deliberately refraining from taking those steps necessary to discover
13 whether those statements were false or misleading.
14
15
16
17

18 100. As a result of the dissemination of the materially false and/or
19 misleading information and/or failure to disclose material facts, as set forth above,
20 the market price of Canopy Growth's securities was artificially inflated during the
21 Class Period. In ignorance of the fact that market prices of the Company's securities
22 were artificially inflated, and relying directly or indirectly on the false and
23 misleading statements made by Defendants, or upon the integrity of the market in
24 which the securities trade, and/or in the absence of material adverse information
25
26
27
28

1 that was known to or recklessly disregarded by Defendants, but not disclosed in
2 public statements by Defendants during the Class Period, Plaintiff and the other
3 members of the Class acquired Canopy Growth's securities during the Class Period
4 at artificially high prices and were damaged thereby.
5

6 101. At the time of said misrepresentations and/or omissions, Plaintiff and
7 other members of the Class were ignorant of their falsity and believed them to be
8 true. Had Plaintiff and the other members of the Class and the marketplace known
9 the truth regarding the problems that Canopy Growth was experiencing, which were
10 not disclosed by Defendants, Plaintiff and other members of the Class would not
11 have purchased or otherwise acquired their Canopy Growth securities, or, if they
12 had acquired such securities during the Class Period, they would not have done so
13 at the artificially inflated prices which they paid.
14
15
16

17 102. By virtue of the foregoing, Defendants violated Section 10(b) of the
18 Exchange Act and Rule 10b-5 promulgated thereunder.
19

20 103. As a direct and proximate result of Defendants' wrongful conduct,
21 Plaintiff and the other members of the Class suffered damages in connection with
22 their respective purchases and sales of the Company's securities during the Class
23 Period.
24
25
26
27
28

1 **COUNT II**

2 **(Violations of Section 20(a) of the Exchange Act Against the Individual**
3 **Defendants)**

4 104. Plaintiff repeats and re-alleges each and every allegation contained
5 above as if fully set forth herein.

6
7 105. The Individual Defendants acted as controlling persons of Canopy
8 Growth within the meaning of Section 20(a) of the Exchange Act as alleged herein.
9 By virtue of their high-level positions and their ownership and contractual rights,
10 participation in, and/or awareness of the Company's operations and intimate
11 knowledge of the false financial statements filed by the Company with the SEC and
12 disseminated to the investing public, the Individual Defendants had the power to
13 influence and control and did influence and control, directly or indirectly, the
14 decision-making of the Company, including the content and dissemination of the
15 various statements which Plaintiff contends are false and misleading. The
16 Individual Defendants were provided with or had unlimited access to copies of the
17 Company's reports, press releases, public filings, and other statements alleged by
18 Plaintiff to be misleading prior to and/or shortly after these statements were issued
19 and had the ability to prevent the issuance of the statements or cause the statements
20 to be corrected.
21
22
23
24

25 106. In particular, the Individual Defendants had direct and supervisory
26 involvement in the day-to-day operations of the Company and, therefore, had the
27
28

1 power to control or influence the particular transactions giving rise to the securities
2 violations as alleged herein, and exercised the same.

3
4 107. As set forth above, Defendants each violated Section 10(b) of the
5 Exchange Act and Rule 10b-5 promulgated thereunder by their acts and omissions
6 as alleged in this Complaint. By virtue of their position as controlling persons, the
7 Individual Defendants are liable pursuant to Section 20(a) of the Exchange Act. As
8 a direct and proximate result of Defendants' wrongful conduct, Plaintiff and other
9 members of the Class suffered damages in connection with their purchases of the
10 Company's securities during the Class Period.
11
12

13 **PRAYER FOR RELIEF**

14 **WHEREFORE**, Plaintiff prays for relief and judgment, as follows:

15 A. Determining that this action is a proper class action under Rule 23 of
16 the Federal Rules of Civil Procedure;

17
18 B. Awarding compensatory damages in favor of Plaintiff and the other
19 Class members against all Defendants, jointly and severally, for all damages
20 sustained as a result of Defendants' wrongdoing, in an amount to be proven at trial,
21 including interest thereon;

22
23 C. Awarding Plaintiff and the Class their reasonable costs and expenses
24 incurred in this action, including counsel fees and expert fees; and

25
26 D. Such other and further relief as the Court may deem just and proper.
27
28

DEMAND FOR TRIAL BY JURY

Plaintiff hereby demands a trial by jury.
